March 31, 2020

To all family and community members:

As we continue to work through this unprecedented event, we thank you for your patience and understanding. As always, our main goal is to keep our residents and staff safe and healthy while continuing to provide the best in care to your loved ones.

In following the recommendations of the CDC and the Pennsylvania Department of Health, all of our residents are doing well. They miss their daily routines and normal interactions, but our staff has adapted well and developed some creative activities to help both our residents and their families know how much they mean to all of us. Please continue to follow our facebook page for updates, photograhs, and videos.

Things to know:
The Village will be in continuous contact with a resident's family in any end-of-life situations. We do have opportunities for family members and friends to spend time with our residents via Skype or Facebook Messenger. And as always, we will assist with regular phone calls. Please contact our Activities Department to make arrangements at 814-793-2104 ext. 2212.

There is a table set up inside our main door for items you would like to drop off for a resident. Please have the resident's name printed clearly on the item(s) and our staff will make sure that the things are delivered safely.

Thank you to everyone who has donated to The Village. Your monetary and in-kind gifts are both very much appreciated. We are still accepting donations of Personal Protective Equipment (PPE), including N95 masks, regular masks, medical gloves, gowns, face shields and hand sanitizer. If you would like to give a monetary donation to help purchase these supplies, please make sure to mark your gift "PPE Supplies".

Again, we thank you for your cooperation, your support, and most of all your prayers during this difficult time. We are here to answer any questions; please feel free to contact us at any time - 814-793-2104.

Sincerely,

Kelly Steele
Long-Term Care Administrator
