

COVID-19 UPDATE

July 31, 2020

To our families, friends, and residents of the Court Apartments:

Over the past month, our staff has been diligently working on a *Reopening Plan* for our personal care residents in the Court Apartments. Following the guidelines set by the Pennsylvania Department of Health, we are confident that our plan will help to keep our residents safe while allowing some restrictions to be lifted.

The reopening date is scheduled for August 4th. Please be aware that this date could change as we continue to meet all of the required guidelines. The entire *Reopening Plan* can be viewed online at www.villageatmorrisonscove.org. We encourage everyone to take time to read it as it covers important topics, such as resident dining, visitation, and daily monitoring of residents, staff, and visitors.

We thank you for your continued patience and understanding during this time. Our goal is to provide the best in care to all of our residents with their health and safety as a top priority. We appreciate your willingness to work with us to help protect them both now and in the days ahead.

As always, I am here to address any questions or concerns you may have - 814-793-5228.

Sincerely,

Brian Ley
Court Apartment Supervisor
