

## The Village at Morrisons Cove

April 5, 2022

# COVID-19 Update - Personal Care

To our families, friends, and residents of the Court Apartments:

Thank you for your continued patience, prayers, and understanding as we address the COVID-19 epidemic. Our staff has been working tirelessly to ensure the safety and well-being of our residents. As of April 5, 2022, Blair County's COVID-19 infection rate is low, and the risk of transmission is significantly reduced compared to previous months. Surveillance testing is taking place in accordance with current guidelines from The Pennsylvania Department of Health and CMS, and our staff members continue to mask throughout the facility.

The Court Apartments are in a unique position, as the building connects to our nursing home and cares for both independent and personal care residents; however, rest assured that safety protocols are in place for all residents, and visitations remain available throughout the facility. Visitors must wear a well-fitting face-mask throughout the apartment building and we encourage individuals to bring an N95 if possible. The Village may provide additional PPE as necessary. Hand sanitizer is available and common areas are routinely disinfected. If you are experiencing symptoms or are actively sick, we ask that individuals postpone visiting The Court until their symptoms resolve. To learn more about the COVID-19 protocols currently in place, please contact our Personal Care Administrator, Brian Ley, at 814-793-2104 x 2228.

We will continue to update you with any significant changes. For any questions or concerns, please contact us at 814-793-2104. Thank you for your support; and God Bless.

Sincerely,

**Corey Jones**  
Chief Executive Officer
