COVID-19 Update - Nursing Home

To our families, friends, and residents:

Thank you for your continued patience, prayers, and understanding as we address the COVID-19 epidemic. Our staff has been working tirelessly to ensure the safety and well-being of our residents. As of April 5, 2022, Blair County's COVID-19 infection rate is low, and our facility has moved to green status for all floors. Surveillance testing is taking place in accordance with current guidelines from The Pennsylvania Department of Health and CMS, and our staff members continue to mask throughout the facility.

In-person visitation is available for all residents. While we are excited to welcome you into our facility, please be advised that we are still utilizing mitigation techniques to protect our most vulnerable, including screening, masking, and disinfection. Visitors must wear a well-fitting face-mask throughout the building and we encourage individuals to bring an N95 if possible. The Village may provide additional PPE as necessary. Hand sanitizer is available throughout the facility and the entryway bathroom is available for any needs that may arise during a visit. All visitors will be screened at the front desk, where a staff member will review safety measures. We encourage individuals to delay visitation if they are experiencing symptoms or are actively sick. Out-of-facility excursions are also available for nursing home residents. Best practices for these excursions include limiting guests to ten people or fewer, staying away from highly populated venues, and visiting in well-ventilated areas. As an additional resource, individuals may coordinate digital visits over Zoom by calling Mike Lightner at 814-793-2104 x2212. This option allows our residents to visit with loved ones regardless of distance.

We will continue to update you with any significant changes. For any questions or concerns, please contact us at 814-793-2104. Thank you for your support; and God Bless.

Sincerely,

Corey Jones
Chief Executive Officer
